

Boardman Local Schools

Energy Procurement & Energy Market Intelligence (EMI)

Boardman School District's Vision Statement encompasses more than 100 years of excellence in education. For 2020, Boardman High School is once again at the top of the list for best Ohio High Schools in U.S. News & World Report. Boardman also tops the list of Best School Districts in the Mahoning Valley on the vigorous school ranking website, Niche.com. The district educates approximately 4,200 students across 6 school buildings. To ensure that all students have access to the quality education that Boardman provides, Boardman adheres to Positive Behavior Intervention Support principles in all of its buildings.

In 2016, Boardman School District hired Onyx for Energy Procurement & EMI services. Onyx educated Boardman on nuances of the PJM market and through our structured bid process & EMI, Boardman awarded a bid to an Onyx represented supplier reducing cost 8%. In 2017, Boardman hired Onyx for Procurement & EMI services awarding a bid further reducing cost 25%. In addition, Boardman relies on Onyx to manage all facility add/deletes for its growing school district.

Since 2009, Onyx Power & Gas Consulting has provided electricity and natural gas consulting services to commercial and industrial consumers. Our robust wholesale trading network and operations allows us to leverage purchasing power. The end result is the most aggressive pricing in the marketplace for maximum savings to our clients.
