

## Promise House

### Energy Procurement

Homeless youth need our help right now, more than ever. In this time of extreme uncertainty, we are their constants and our commitment to meet their needs is unwavering. We know that the young people we serve are especially vulnerable given that they lack resources necessary for adequate healthcare and housing. Every day, Promise House leads the way in providing youth in our community access to the most basic needs – shelter, nourishment and access to healthcare. Promise House will continue to provide compassionate care and meet the needs of the youth in its shelters.

In 2015, Onyx was hired by Promise House to procure energy for 23 meters. Through our structured bid process, Onyx evaluated multiple suppliers & reduced cost 13%. In June 2015, Promise House hired Onyx to conduct an Energy Efficient Lighting audit. November 2019, Promise House hired Onyx again to for Energy Market Intelligence & Energy Procurement awarding a bid establishing long term security.

Since 2009, Onyx Power & Gas Consulting has provided electricity and natural gas consulting services to commercial and industrial consumers. Our robust wholesale trading network and operations allows us to leverage purchasing power. The end result is the most aggressive pricing in the marketplace for maximum savings to our clients.

#### PROJECT DATA
